Roberts Quits As GOP Head

Ike Describes Decision As 'Wise' One

Washington (AP)—C. Wesley Roberts resigned under fire as chairman of the Republican National Committee last night and President Eisenhower promptly called it a "wise decision."

The President said Roberts, accused of violating the spirit of a Kansas lobbying law, resigned "on his own initiative."

The announcement came after Roberts emerged from a heart-to-heart White House talk with Eisenhower, who had approved Roberts' election to the high post last January.

The 49-year-old Roberts quit with a blast at unnamed Kansas politicians. He said he had been made the victim of "a carefully contrived and thinly veiled plot, growing out of a fierce factional fight in Kansas state politics."

The plot, he said, "has destroyed my usefulness as national chairman."

Roberts' announcement, issued through GOP national headquarters, came on the heels of a finding by a Kansas legislative inquiry committee that Roberts violated at least the spirit of the state's lobbying law.

The case, touched off by a story by a Kansas City Star reporter, centered on Roberts' action in taking an \$11,000 fee for acting as agent in the sale of a \$110,000 hospital building to the state two years ago. This raised the critical cry of "10 percent."

The resignation took most GOP leaders by sharp surprise. It had been expected earlier that the case might drag out for months.

Republican spokesmen said they were so unprepared for the resignation that little consideration had been given to a new man for the \$32,500 a year chairmanship. However, one of the names figuring in speculation as a possible successor was that of former Rep. Leonard W. Hall of New York.

Hall accepted a lifetime post as a surrogate judge in New York rather than run for another term in the House last November. There was some doubt that he would consider the party post in view of his lifetime job on the bench.

Knifemen Kill 150 Tribesmen

Nairobi, Kenya (AP)—Mau Mau knifemen struck the village of Lari outside Nairobi early yesterday and massacred about 150 Kikuyu tribesmen in the greatest single outburst of vengeance since the dread secret society started its campaign against the white man.

Five more natives were killed in an attack on a police station about 40 miles north of Nairobi.

Government servants and their families who had remained loyal to the Whites in this British colony were the victims of the Lari massacre.

About 50 Kikuyu Mau Mau disguised in long black coats to resemble policemen crept up on the collection of huts 10 miles outside Nairobi and killed native sentries before they could give the alarm.

Then, knowing that the doors were locked and barred against terrorist intrusion, the raiders ran from hut to hut setting fires.

When the inhabitants dashed out to escape the flames, the fanatic attackers cut them down with knives, short swords and axes.

They disemboweled pregnant women before the eyes of their children and then murdered the children.

The raiders escaped in trucks with 30 rifles and 15 machine guns that they had seized.

British soldiers, sent here several months ago to give protection, heard the sound of shooting, but arrived after the massacre was over.

Kingston Driver Killed In Crash

Wilkes-Barre, (AP)—Arthur Williams, of Kingston, was killed instantly and Carl Schwab, of Wilkes-Barre, was seriously injured yesterday in a head-on collision near here.

Marines Battle Chinese Reds For Vegas Outpost Height After Winning, Then Losing It

Seoul, (AP)—American Marines lost the crest of an outpost hill today for the second time in two days, yielding the only ground they had won back in five days of furious fighting since the Communists launched their Western Front Spring drive.

"Vegas is still being fought for," a First Marine Division spokesman reported just before noon. "Neither side has control. The enemy holds the northern slopes, we hold the southern slopes and the crest belongs to no one."

Front line reports, sketchy and incomplete, said Marine mop-up crews sent out in the predawn darkness to clear out Red remnants ran into strong Chinese forces on the northern slope.

Four counterattacks failed to dislodge the Reds. But the storm of fire put up by the Chinese forced the Leathernecks to withdraw from the crest of Vegas down the south slope.

Vegas was one of two outpost hills near Bunker Hill in the Pannunjom area where Marines fought to the last man before yielding to Chinese attacking at 10 outposts Thursday.

Fine To Submit Tax Study Report To State Assembly Without Recommendations

Harrisburg, (AP)—Gov. John S. Fine said yesterday he will submit his tax study committee's report to the Legislature without formalities. The report, expected to make no recommendations for a specific tax program, will be handed to the lawmakers here Monday.

"I am not going to address the legislature," he told a newsman. "I may send a message over with the report—but I have not decided on that definitely."

Jury Indicts Scarantino In Mass Deaths

Belvidere, N. J.—Warren County grand jury yesterday returned a two-count indictment charging John Scarantino, 21, of Scaranton, with causing death by auto to 10 members of a farm family last week.

First count listed all 10 fatalities, while second count cited the specific death of Esther Matlock, 10.

Scarantino's attorney, Saul N. Schechter, entered an innocent plea for his client.

Scarantino was driver of a tractor-trailer truck which crashed head-on into a car driven by Clarence Matlock near Washington, N. J., last Friday night.

Matlock, his wife, their five children, his mother and two sisters were all killed in the crash—called "worst of its kind" in nation's history by National Safety Council.

Warren County Prosecutor John Pursel had sought a 10-count indictment against Scarantino.

In addition to the grand jury indictment, Scarantino still must face charges of reckless driving, driving after revocation of his New Jersey privileges and passing on a curve.

These charges have been on Jersey books for one year. Scarantino was arrested last March (1952) and failed to answer summons.

All members of the Clarence Matlock immediate family were buried Wednesday in mass services. A brother of the dead man now lives in East Stroudsburg and is employed in a Monroe County plant.

Wholesale Prices Drop 1 Per Cent, End Steady Climb

Washington (AP)—Wholesale prices dipped two-tenths of one per cent during the week ended March 24, breaking a steady six-week advance.

The Bureau of Labor Statistics, reporting this yesterday, said its price index stood at 110 per cent of the 1947-49 average.

Lower prices for barley, corn, livestock, coffee and fresh vegetables pushed the farm products group down 1.2 per cent.

BLS said the index for all commodities other than farm products and foods were unchanged over the week.

Lenten Meditation

By Dr. J. Christy Wilson
Presbyterian Church, Delaware Water Gap

"But God forbid that I should glory, save in the cross of our Lord Jesus Christ."—Galatians 6:14.

During this season of Lent the whole Christian world looks at Jesus Christ on the cross. We live in the generation when the Christian Church has become truly worldwide.

More people in more countries than ever before will be looking at Jesus and His cross. The cross is the universal Christian symbol.

Muslims call us "Cross Worshipers," because they fail to understand that it is not the cross but what happened there that is the focal point of Christian love and penitence.

Nothing shows the love of God like the cross. Our Redeemer died in atonement for your sin and mine, and His sacrifice makes the cross the key to life eternal.

Interpreted As Confidence Vote In Eisenhower

Washington (AP)—The Senate approved Charles E. (Chip) Bohlen as ambassador to Moscow yesterday in a smashing 74 to 13 vote of confidence in President Eisenhower.

Two Democrats joined 11 Republicans in voting against confirmation of the 48-year-old career diplomat who had been unqualifiedly endorsed by Eisenhower as the best man for the Moscow post.

Bohlen, who won his sobriquet of "Chip" at Harvard because of his chipper affability, is expected to be dispatched as soon as possible to Moscow. He will be the country's first ambassador to Red Russia under the new Malenkov regime.

The State department said he will probably be sworn in early next week and leave shortly thereafter.

The lopsided vote rang up a thumping victory for the Eisenhower administration—notably for the President himself and for Secretary of State Dulles—over a small Republican-dominated group which had attacked Bohlen as an advocate of the old Truman-Acheson foreign policies.

It was also a rebuff for Sen. McCarthy (R-Wis.), one of the leaders in the attack on Bohlen.

The Wisconsin senator said after the vote that Bohlen drew support from senators who cast their ballots for him "not because they had confidence in him, but because they wanted to give President Eisenhower a vote of confidence."

In his new role, Bohlen will hold the policy-making powers he held as counselor to the State Department. He has been in the diplomatic service since the Hoover administration in 1928.

The climactic vote, witnessed by jam-packed Senate galleries, came after two days of bitter debate in which a group of GOP senators assailed Bohlen as an "exponent of appeasement" toward Moscow and as a symbol of the World War II Yalta agreements.

Voting against confirmation were Senators Bricker (R-Ohio), Bridges (R-NH), Dirksen (R-Ill.), Dvorshak (R-Idaho), Goldwater (R-Ariz.), Hickenlooper (R-Iowa), Johnson (D-Colo.), Malone (R-Nev.), McCarthy (D-Nev.), McCarthy (R-Wis.), Mundt (R-SD), Schoeppel (R-Kan.), and Welker (R-Idaho).

Soviets Reveal Amnesty Plan

Moscow, (AP)—The Soviet government announced today many persons held in Soviet prisons will be freed under new amnesty conditions.

The decree of the Supreme Soviet declared that it had been decided to announce amnesty because of: strengthening of the Soviet social and state system, improvement in the general cultural level of the population and increase in the conscientiousness of the population towards fulfillment of obligations and a general reduction in the amount of crime.

The Moscow radio broadcast to the Soviet Union added "The Presidium of the USSR Supreme Council deems that under these circumstances it is no longer necessary to retain in places of custody persons who have committed offenses representing no great danger to the state and who show by their conscientious attitude to work that they are fit to return to honest working life and become useful members of the community."

Store Managers Ask Pay Raise

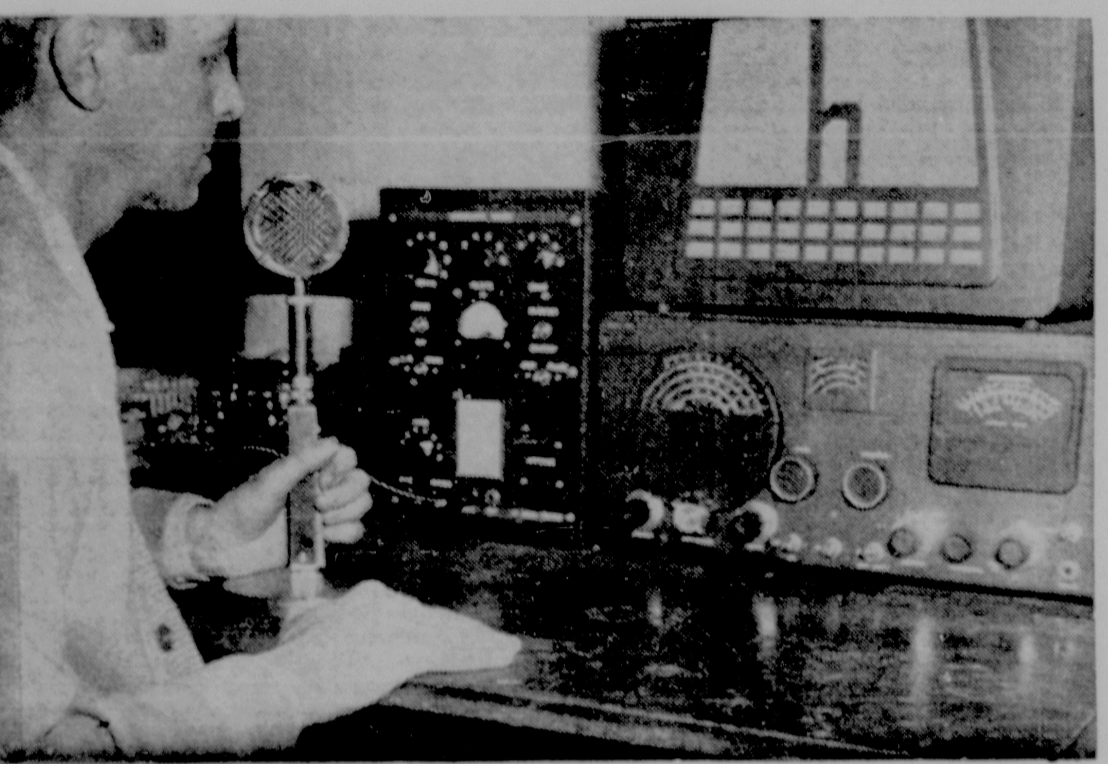

Harrisburg, (AP)—Some 400 managers and assistant managers of state liquor stores yesterday asked Gov. John S. Fine for changes in their rates of pay that would increase the annual payroll by \$109,000 to \$150,000.

The changes would not affect the minimum salary of \$2,970 a year for beginning managers in the smallest stores or the maximum salary of \$5,136 a year for managers of the largest stores.

True to her record as a Democratic campaign worker, Mrs. Mesta backed Adlai S. Stevenson against her old friend Gen. Eisenhower in the 1952 presidential race. Republican action on her resignation had been delayed about three months.

Tax Cut Attacked

Washington (AP)—A proposed graduated cigarette tax was attacked yesterday by tobacco growers as a "subsidy" for a few manufacturers and as a threat to quality tobacco growing.

MOST IMPORTANT ARTERY IN OUR Civil Defense system will be this "control station" radio setup at county CD offices in courthouse. Engineer Ernie Transue took a trial check of communications yesterday. County and State split the bill for communications emergency system. (Daily-Record Photo)

Engineer Tests Civil Defense Radio System In Emergency Control Office In Court House

Yesterday was test-day for Monroe County's emergency Civil Defense radio system.

CD radio engineer Ernie Transue put the emergency radio and power supply system through its paces to check for rough spots. It was the first time the county's Civil Defense communications unit, had been brought into full play.

Unit is set up in county CD headquarters in the Court House. Control panels, transmission tubes and a microphone may be operated to all defense stations from the borough location.

Antennae for the \$980 system have been set up on the Court House roof, connected with control panels by cables running from the office up the side of the building.

In addition its emergency communications system, county now has a power supply which it may use during cases of normal failure.

Supply comes from a generator in the Court House cellar. Outlets for the power have been installed in the CD office, in the office of President Judge Fred W. Davis and in county commissioners' office.

This means, basically, that in case of extreme normal power failure, Court House offices may continue to function at a nearly-average rate.

Still in its formative stage, county CD radio will have to wait before tests can be made to all township stations.

When radio systems are in operation throughout the county, a regular check-up of communications will be made by local CD officials, Transue said.

The transmitter will serve as "control station" for county network. Other stations would report in or take orders from the "control" office in event of emergency, according to Transue.

In keeping with State plans for CD, county pays only half of cost of the "control station" equipment. State matches this amount from its own CD funds.

U.S., France Guard Against Phony Peace

Washington, (AP)—Secretary of State Dulles and French Foreign Minister Bidault gave Russia's soft-talking new government a quick going over yesterday and decided they must be on their guard against phony peace moves aimed at splitting the North Atlantic Allies.

Talk of peace from Soviet Premier Georgi Malenkov, who presumably is beset now by internal difficulties, so far offers no evidence of any basic change in Soviet policy, the two foreign policy leaders were reported to have agreed.

On the contrary they assumed that the new Kremlin regime, like that of the late Premier Joseph Stalin, continues to be dominated by the Communist party's philosophy of world conquest.

President Accepts Resignation Of Mrs. Perle Mesta

Luxembourg, (AP)—U. S. Minister Perle Mesta, a Truman appointee who has described herself as "perfectly willing to stay in my present job" under the Eisenhower administration, isn't getting the chance.

The party-throwing lady diplomat from Oklahoma, the inspiration for "Call Me Madam" of stage and screen, announced yesterday the Eisenhower administration has accepted the resignation she sent in last fall as a matter of political protocol and she is leaving April 13.

True to her record as a Democratic campaign worker, Mrs. Mesta backed Adlai S. Stevenson against her old friend Gen. Eisenhower in the 1952 presidential race. Republican action on her resignation had been delayed about three months.

College Prof Sees Nothing Wrong With Russian Policy

Washington, (AP)—A Columbia University lecturer told a Senate inquiry group yesterday that, "on the spur of the moment," he couldn't think of anything serious to criticize about Soviet Russian policy.

Bernard J. Stern, sociologist and writer, testified he is not a Communist. But he refused to state whether he was a Red in 1947, claiming an answer might tend to incriminate him.

Stern was a witness before the Senate's investigations subcommittee, headed by Sen. McCarthy (R-Wis.). The group is trying to find out why books by Communist authors were circulated overseas by the State Department in its cold war campaign.

The lecturer said he sees "great values in Communism" from which this country could learn, and that he couldn't think of any particular thing to criticize about Russian policy, although "many phases of Soviet policy I find somewhat inadequate."

"Do you approve their aggressive policy in Korea?" Sen. Symington (D-Mo) asked.

"Whose aggressive policy?" Stern inquired.

When the senator said he meant the Russians, Stern said he had no personal knowledge of it.

Postpone Strike

Cleveland, (AP)—The Brotherhood of Railroad Trainmen decided last night to postpone "indefinitely" a strike set for 6 a.m. today on the Nickel Plate road.

Tonight Is Deadline For Registration

Today is the last day you'll be able to register for the May primary election.

County commissioners' office in the Court House will be open from 9 a.m. to 9 p.m.

Cards have been sent out to all voters whose registration has lapsed after two years or four elections in which registration was not renewed by voting.

Response to these cards has been very small however, clerks in the county office said yesterday. Registration during this past week was also slow, they said.

Explain Retirement

Washington (AP)—Secretary of the Army Stevens wrote the Senate Armed Services Committee yesterday that Gen. James A. Van Fleet is being retired because he is qualified and there are no army vacancies for his four-star rank.

20 Others Injured In Odd Wreck

Conneaut, O. (AP)—Two passenger trains piled atop a wrecked New York Central freight train last night, killing 12 persons and injuring 20 four miles east of Conneaut.

The Ohio highway patrol gave the dead and injured figures.

"We are pretty sure of that figure," said Patrolman E. L. Denison.

"We've had trouble getting information."

The bodies of the dead were left at the scene while personnel of funeral homes in the area worked at the chore of getting the score of injured to hospitals.

The weird wreck involved two crack New York Central passenger trains, a westbound freight and an eastbound freight.

In New York, the New York Central said an object fell from one of the cars of an eastbound freight, derailing the westbound freight.

The two passenger trains came along shortly afterward and piled into the wreckage.

Previous reports placed the death toll at from five to 22 persons.

"We do not know just how bad the wreck is except that there's an awful jumble of wreckage. All four of our main New York to Chicago tracks are blocked," a dispatcher reported.

The dispatcher said only meager information could be obtained because all communication lines near the wreck—close to the Pennsylvania-Ohio border—had been torn down.

Jelke Given 3-6 Years On Vice Charge

New York, (AP)—Minot (Mickey) Jelke was sentenced to three to six years in prison yesterday as an unrepentant Cate Society procurer. He already is serving eight months on another charge.

General Sessions Judge Francis L. Valente considered a suspended sentence for the 23-year-old oboe-margarine heir. But he called Jelke unrepentant and said his morals are too black now to hold out hope of any immediate rehabilitation.

Valente blistered the pudgy playboy with such labels as "anti-social... frankly immoral... self-degrading... a law to himself."

In a small Italian restaurant not far from the court building 19-year-old Pat Ward sipped martinis and told a reporter Jelke's sentence was only "a fraction of what he deserves."

She was the star state witness against him, one of two girls Jelke induced or tried to induce into prostitution.

He could have gotten 40 years in prison, although the all-male jury that convicted him Feb. 27 on two counts of compulsory prostitution recommended mercy. However, this was not binding on Valente.

Jelke, brought to court from the City Prison at Rikers Island, took the new sentence with outward calm.

Germ Charge Challenged

United Nations, N. Y. (AP)—The United States challenged the Communists "in the name of truth" yesterday to permit an impartial commission to question all the U. S. military men the Reds say have confessed waging germ warfare in Korea.

Denouncing the Red hate campaign in the 60-nation U. N. Political Committee, U. S. delegation member Ernest A. Gross declared the germ warfare accusations against the U. S. and the U. N. to be a "total lie."

He asked the delegates whether the aim of the new Russian government is to increase world tension by such lies and to "undermine and destroy the very foundation of international good will and co-operation."

Gross spent a large part of a 30-minute speech nailing down the alleged confessions of U. S. Marine Col. F. H. Schwable and Maj. R. H. Bley. He read statements from their superior officers denying that bacterial warfare ever had been ordered.

Over Jesus' head His accusation was written, "This is Jesus the King of the Jews." Two thieves were crucified with Him, one on each side, and they too mocked our Lord, according to Matthew. St. Luke tells us, however, that one repented and was saved.—Luke 24:33.

"Now from the sixth hour there was darkness over all the land unto the ninth hour. And about the ninth hour Jesus cried with a loud voice, My God, My God why hast Thou forsaken Me?"

Some of the onlookers said, "This man calleth for Elias." One took a sponge filled it with vinegar and put it on a reed and gave Him to drink. "But the rest said, Let him be, let us see whether Elias will come to save Him."

"Jesus, when He had cried again with a loud voice, yielded up the ghost."

At that moment the veil of the temple was rent in twain; the earth did quake, and the rocks rent. All who were watching were terrified and said, "Truly this was the Son of God."

Among the beholders were "Mary Magdalene, Mary the mother of James and John, and the mother of Zebedee's children."

When evening had come, a rich man, Joseph of Arimathea, and a disciple, went to Pilate and begged that he be allowed to take the body and bury it.

Pilate agreed and Joseph wrapped Him in a clean linen cloth and laid Him in his own new tomb, which he had hewn out of the rock; and he rolled a great stone to the door of the sepulchre.

Next morning the chief priests and Pharisees came to Pilate asking him to give orders to make sure Jesus' tomb was sealed, because Jesus had said that in three days He would rise again, and His disciples might steal the body and then falsely claim that He had risen. So they made the sepulchre "sure," and set a watch on it.

DEFEAT *and* VICTORY

One hundred sixty-two feet high and one hundred forty-seven feet wide Napoleon built his arch of triumph. Proudly it rises above the Place de l'Etoile reminding the world of an Emperor's early victories—and later defeats.

On the road from Bethphage to Jerusalem centuries before there had been another arch of triumph. Nature had fashioned it of palm trees. Beneath their bowing branches the Prince of Peace rode into the city that was to crucify Him.

Jesus, unlike Napoleon, never had need of a gigantic monument to help the world remember Him. The doors of a million churches bespeak His victory. Men pass through them not to gaze upon the majesty of carved stone, but to worship and serve the Son of God.

Napoleon bought for himself a transient glory at the price of other men's blood.

Jesus bought for All Men eternal life—at the price of His Own Blood!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Too Much Looseness

A Pennsylvania truck driver, held without bail in the death of a family of 10 in one of the worst traffic accidents in history involving a passenger car, was found to be technically driving without a license in New Jersey, scene of the crash.

The driver, it develops, had been accused of reckless driving a year ago and had failed to appear for a hearing, thus forfeiting his right to drive in New Jersey. Pennsylvania authorities should have revoked his license when he failed to honor New Jersey's summons to a hearing, but the Pennsylvania officials now claim that they had no notification. New Jersey reports its records show that such notification was forwarded to Pennsylvania.

The situation points grimly to the need for tightening of procedure when licenses are forfeited or invalidated because of bad driving. There should be provision for follow-ups when other states are requested to take action. New Jersey should have made certain, through an immediate check, that the Pennsylvania authorities were aware of the man's record.

One wonders, also in the light of this tragedy, whether the trucking industry should not tighten up its procedure for employing drivers and checking on their continued fitness.

Legislature Each Year

Overwhelmingly passed by the State Senate, and now before the House for its consideration is the bill under which Pennsylvania would convene its General Assembly on an annual rather than a biennial basis as at present.

With the bill receiving House concurrence, and the governor's signature, it will then be placed before the voters at the November elections in the form of an amendment to the commonwealth's constitution.

It may not be generally recalled that the measure was approved by the 1951 legislature, but any revision to our constitution requires that the suggested change be approved by two sessions of the General Assembly before it is submitted to popular vote.

There appears to be general belief that the measure will meet no material opposition for final approval and then it will be up to the voters to make known their opinions in the matter.

In the main, it is felt that an annual session is called for in this day of sudden changes, for even though special sessions can be called by the governor under unusual circumstances there is a belief that biennial gatherings are too far apart.

It will be a more expensive process, of course, but there is reason to believe that the potential economies inherent in annual legislative action more than offset the increase in cost to the taxpayers.

Night Club Fog

So a patron in a night club easily can read the amount of his tab in those smoke-filled, dim-light places, a luminous check has been patented by an Illinois man.

Newspaper headline on an account of this enlightening invention says: "Night Club Check That Glows Aids Patron in Haze."

Most such patrons have their own glow. But it's no aid when the check comes around.

The Once Over

—by H. I. Phillips

Bring On That Glow!

The Government patent bureau announces the invention of a restaurant check

so treated with a phosphorescent element that it glows and gives the customer in a dimly lighted corner a chance to read it for errors. How about a phosphorescent treatment to a restaurant plate so the patron can find the meat portion? And a luminous table enabling him to locate the change from two \$10 bills if he takes out the wife and two kids? (Incidentally, we have been in eateries where the service was so bad that a luminous waiter would have been a wonderful idea.)

We like this application of a luminous quality in restaurants, and wish some scientist would come up with a device which can be applied to a proprietor, so that the first one to cut the price of a sirloin (now that wholesale costs have collapsed) will light up, ring a bell and wave an American flag. Anything that gives the customer a break is to be welcomed in some eating places. Up to now he gets nothing luminous unless he carries his own mirror to see the fire in his eyes when he gets the expensive tab for a meal which he wouldn't accept at home for free. It would be pretty wonderful if a phosphorescent coat could be so applied to a restaurant front that it would light up any time the owner decided that French-fried potatoes were NOT good enough for everybody and that it wouldn't be going too far to serve spuds some other way. It would be helpful to find a brilliant glow over an eating place run by an old-fashioned proprietor who thought a customer should have choice of baked, boiled, lyonnaise, hashed, browned, creamed or mashed potatoes with a \$4.50 meal. There are such places, we admit, but they are not too easy to find.

It is perhaps in the cheaper eating places that the customers are in greatest need of luminous aid. Something that would light up a hamburger if it showed any red meat content would be wonderful, not to mention a hot dog which gave off a few musical notes if properly cooked. (One of our troubles has been getting the eggs turned over lightly. They

always come out burned up and resembling a pair of charred rubber heels with a jaundiced olive in the middle. We promise to light up and cast a regular beacon light for miles the first time any chef pays any attention to our egg orders. And those drugstore salads! Will some inventor find a way to indicate what the mayonnaise is made of?)

Mrs. Shirley Crabtree, of East-Lansing, Mass., got a cement mixer from her husband on Mother's Day last year and has about completed a nine-room house with her own hands. We gave the wife a smartly styled buzz saw for Christmas and a swanky ladder for her birthday but she hasn't even built new porch screens or painted the barn. . . . The RFC is to die next year, proving that all the money in the world won't help if your number is up. . . . There should be no trouble getting pall bearers, including some of the biggest men in the country, all of whom could say, "He was a good fellow and I don't know what I would have done without him." . . . Still, man is not always appreciative, and there will probably be somebody who wouldn't send flowers to the RFC obsequies unless he could get a loan to buy the lilies. . . . We hear the charges against "Chic" Bohlen are that he once used the wrong fork and, on another occasion, was caught trying to dispose of a cocktail-party canape in a potted plant. . . .

Seldom has a committee of the United States Senate been so contemptuously defied and leered at as by the two recent writing witnesses Messrs. Allen and Mandel. . . . It left the video audience flabbergasted. . . . Nothing exaggerates the TV audience tuned into a Senatorial Inquiry more than the interruptions for station identification and commercials. . . . Just as a Senator demanded an answer to an all-important question the other day the picture gave way to an illustration and a shrill "Look over these 500 salad recipes today" and "Get the cat-snip made from luscious ripe tomatoes." . . . Pat O'Sullivan, the gal who won her third North and South Women's Golf Championship in four years, is the daughter of Judge Patrick O'Sullivan, Connecticut wit and no mean golfer himself. . . . Pat was raised on a dinner table conversation that began with popper, just in from the Race Brook links, saying, "So I took my brassie and, etc., etc."

The Daily Record

Congratulations to you on the

"pretty" picture on the front

page of today's Record. I imagine

the people who love that girl who

is crushed under the car will

have a lot of joy from seeing it

on the front page. There are

perhaps two sides to it. An awful

warning to anyone who drives,

especially to our teen-agers who

are supposed to be a reckless lot.

Or perhaps it is just my own

personal reaction and I should

be cautious enough to accept such

things in today's world. I would

accept such pictures on the so-

called scandal sheets, sensation

seekers but it's shocking on our

own "hometown" paper in Mon-

roe County where everyone

knows everyone else.

Sincerely,

IVA S. ROSE

Dear Sir:

Read in the paper this morn-

ing where "300 Tonsillectomy"

cases are imminent in our com-

munity. . . kids, no less.

Could you possibly, just as a

little safety measure in safe-

guarding the health of the com-

munity, reprint a few excerpts

from an article which appeared

in the May, 1951 issue of Today's

Health, the magazine edited by

American Medical Association?

I am enclosing a few of the

passages if you wish to use them;

and if there is freedom of speech

and the press in this town, may

I suggest that you do?

"THE MYTH OF THE

TERRIBLE TONSILS"

"The old custom of tonsil-

snatching that once meant 2,000-

000 tonsillectomies a year is dy-

ing a well-earned death."

Excerpts of the article follow:

"For many years parents and

doctors considered tonsils useless,

evil, disease-breeding things. Ton-

sillectomy was regarded as the

simplest and safest of operations.

Hence, we embarked on a surgical

crusade against tonsils and at its

peak more than 2,000,000 Ameri-

cans each year—mostly young

children—had their tonsils out,

whether they were infected or

not. As recently as 1947, the

Journal of the American Medical

Association, called tonsillectomy

"the most frequent surgical pro-

cedure in the United States."

"Today leading physicians de-

clare that there ought to be a

"closed season" on tonsils while

parents and family doctors catch

up with the modern concept. This

new concept is a far cry from

our old ideas.

"Swollen and inflamed tonsils,

however, are by no means defini-

tely infected." In this angry state

they are merely doing the job

nature intended for them. . . .

"They belong to the first line

of defense in the upper respira-

tract, the favorite invasion

site for most of the germs we

encounter in a lifetime.

"Drs. Lederer and Grossman

point out that at the age of 5

or 6 years this immunization is

far from complete. Repeated in-

fections are necessary to build it.

Immunization will increase steady-

ly if the tonsils are left intact,

even though the tonsils them-

selves occasionally become swollen

and inflamed in the process.

But if the tonsils and adenoids

are removed before immunization

is complete, the doctors say, "the

child will remain unprotected and

may be endangered later in his

lifetime."

"Tonsil flare-ups are often

warning signals, indicating some

other trouble. . . .

"The old idea that tonsillec-

tomy "prevented" colds and res-

piratory diseases was thoroughly

debunked a few years ago in a

ten year study made by Dr. Al-

bert Kaiser of Rochester, N. Y.

Dr. Kaiser and his associates ex-

amined 4400 children who, ac-

cording to conventional standards

should have had their tonsils re-

moved. For various reasons only

half that number had the opera-

tion. But the entire group re-

mained under study for the next

ten years.

"Comparison showed that re-

moval of tonsils had no effect on

the incidence of colds, ear infec-

tions, sinusitis, laryngitis, bron-

chitis, pneumonia or tuberculosis.

Indeed, there seemed to be more

colds and respiratory diseases

among the children whose tonsils

and adenoids had been removed.

"We regard tonsillectomy as a

major operation and not without

doubt," Drs. Lederer and Gross-

man state. "The more skilled the

tonal surgeon, the greater is his

respect for this supposedly simple

and minor procedure."

Dear Mr. Randolph:

I'm sorry that I didn't write

before this time and thank you

for the series of articles that you

wrote about the Guidance Clinic

Class school in The Daily Record.

I want you to know how much I

appreciated what you did for the

benefit of the school and the children.

The articles certainly did bring

many nice comments about the

project. I sincerely hope that they

will help to make the community

realize the importance of the

school.

Again many thanks.

Sincerely,

Miss Harriet Sebring.

Teacher.

George Sokolsky Says . . .

Quiet Agriculture Community Of Lincoln, Illinois Involved In Some Great Issues

Events In Logan County

Those who live in big cities of-

ten assume that they have a mon-

opoly on trou-

ble. Recently I

came across

some events in

Lincoln, Illinois,

a small town

with a popula-

tion of 14,362. It

is in Logan

County, which

has a popula-

tion of 30,671.

Such a com-

munity goes its agricultural way

without much excitement

and without much change. Yet Lo-

gan County has suddenly found it-

self involved in great issues, some

of its residents being held in con-

tempt of court, with the Ameri-

cans Civil Liberties Union active in

its affairs.

The trouble started when some

of Lincoln's citizens organized a

"Good Government Council,"

which took on the curious char-

acter of meeting in secret late

at night. No reporters were per-

mitted to attend, but the Council

issued a release to the local paper

several days after the event. All

this is no crime, but it developed

rumors, gossip and considerable

wonder as to what it is all about.

It is difficult to trace the or-

igin of the excitement. Lincoln

has a small Negro population

which managed to get along all

right until the Negroes were told

that they were being discriminat-

ed against. Let me quote from

"America's Hour of Decision," a

report of the N.A.A.C.P., dated

October, 1952:

"The Lincoln Branch of the

NAACP is but just two months

old and has had a little difficulty

with its own group to see the

necessity of having one in the city

its size, in spite of the flourishing

prejudice and discrimination in its

locality. There are about ten or

fifteen Negroes in the community

who are not as yet educated to

the fact, that their membership

is greatly needed as well as their

support. These are the persons

who . . . are afraid of

Competition Keen Among C-C Workers

Pocono Mountains Chamber of Commerce membership campaign zoomed ahead this week under impetus of a prospective two-week Florida vacation for the committeeman who gets the most new or renewed Chamber memberships.

Three prizes are being awarded in the competition. First prize will be a two-weeks stay for two persons at the Glades Hotel, St. Petersburg.

Second prize will be a \$60 suit of clothing from any store among Chamber members. Third prize is a \$10 purchase order from any Chamber-member store.

Contest points are earned for subscriptions from old members, additional points for subscriptions from new prospects and extra points for payment with the subscription.

A total of 35 memberships have been turned in thus far, according to member-drive officers.

An estimated 330 prospects have been taken for solicitation by committeemen. Officials consider these totals highly encouraging.

Monday, March 30, will be Report Day for committeemen with a lunch at the Penn-Stroud scheduled for 12:15 p.m. Efforts are being made to complete "the job" by Monday.

As matters stood last night, committeeman C. L. Cramer of R. C. Cramer Lumber Co. was in the lead with a total of 2400 points.

Committeemen receive one point for each old member dollar subscribed; an additional three points per old member dollar paid with subscription.

New membership units count three points per dollar subscribed and nine points per dollar paid with subscription.

Running close behind were these committeemen:

A. M. Price (Pat and Red's Tires), 2160 points; Glen Sanborn (Worthington Mower Co.), 1950 points; Elton Hall (Pocono Broadcasting and Pocono Record Inc.), 1920 points; L. Schoenberger (Linda Blouse) and Chet Miller (Koren Home Improvement), 720 points each; M. S. Baldwin (Serrass Gulf Service), 450 points; L. Ramsey (Kennard Lewis), 180; J. A. Steinberg (Effort Diner), 180, and J. M. Crandall (Kof-Ax Co.), 120 points.

Names in parentheses are those of the subscribers, from whom committeemen secured additional subscriptions.

Junior High Adopts Trial Report Card

After months of study, East Stroudsburg Junior High School parents and teachers have set up a "trial report card" for use in that school.

Suggestions and recommendations of parents at a series of meetings were taken into consideration by teachers in making out the proposed form.

Among these were suggestions that a report card should endeavor to provide as much information about the child as possible so long as no extra burden is placed on the teacher or administrator; that six marking periods be kept instead of four per year and that every student receive both a subject grade and attitude grade in each subject.

New cards, in mimeographed form, will be used at end of present marking period.

Just Between Us

—By Bobby Westbrook

There are other things besides the virus which seem to be contagious these days. Ideas for programs as I mentioned yesterday; and, as seems quite evident in today's news, excitement.

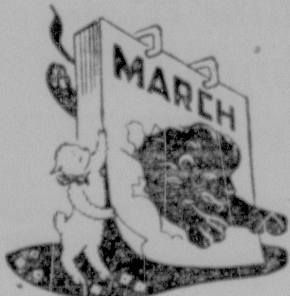

At least in the Tannersville section where the Learn's announced the engagement of one daughter and the marriage of a second, and the Peechatka where it's two brothers who are engaged.

Maybe it's something in the atmosphere of Pocono Township. Though maybe it's the atmosphere of the county in general. Certainly there's plenty of excitement all over.

Weren't you proud of the East Stroudsburg students on TV? They looked so nice and carried themselves with such assurance that I thought they quite stole the show.

I was sort of proud of our Womans Clubs, too. Anybody who thinks they do nothing but wear new hats and listen to speeches might well look at that \$4,600 gift item. I'll bet the number of volunteer hours of community service would run well beyond the 4,000 mark.

Oh we're wonderful.

Federation Of Womens Clubs Plans Spring Convention; Welfare Gifts Tripled

Plans for the annual Spring convention of the Monroe County Federation of Women's Clubs to be held May 8 at the Inn at Buck Hill Falls were the major item of business at a meeting of the executive board yesterday afternoon at the Stroud Community House.

Mrs. Harry Shinnen, president of the county federation, presided at the meeting. It was announced that Mrs. Samuel McCartney, first vice president of the state federation, and Mrs. Warren Edson, first vice president of the north-east district would speak at the meeting.

Mrs. Elizabeth Hill Conrad will present a book review.

The convention will open with registration from 9:30 a. m. to 10 a. m., and will include a luncheon at 12:30 and an afternoon meeting.

Mrs. Elizabeth Thomas is general chairman of the convention at which the Barrett Woman's Club will be hosts. Reservations should be made by members through their own club presidents before May 6.

In addition to the convention, the official board also heard reports of activities. Mrs. Shinnen called attention to the great increase in welfare contributions during the past year. The previous year, the five member clubs had contributed \$1,628, while this year they have given a total of \$4,645.

Benefitting from their contributions have been the Pollo Drive, Red Cross, Cancer drive, TB Society, Salvation Army and Community Chest among others. Mrs. Shinnen also praised the thousands of hours which the members had given in personal service in community affairs.

There were representatives of all member clubs present: Saylorsburg Progressive Woman's Club; Barrett Community Club; Matamoras Keystone Club, and the Senior and Junior Women's Clubs of the Stroudsburgs.

Life of Riley

By JIM RILEY
Sports Editor

East Stroudsburg will be well represented at the Pennsylvania Intercollegiate Athletic Association championship basketball game at the Penn. State in Philadelphia tonight. Jack Kist, Dick Forster, Jack McMahon and Dick Miller will represent Eastburg at the contest that sends Yeaton against Sharon for the class "A" state title. Will Feuhrer, Kist's brother-in-law, of Easton, will also accompany the group. Kist is basketball and football coach at East Stroudsburg. High and Forster is head basketball and assistant grid mentor at the same school.

Bruce Frantz and George Parker, both former basketball players at Pocono High School, are home on furlough from the Army at Camp Breckinridge, Kentucky. Both expect to be sent to Japan following their present furloughs. It is reported that Horace Johnson, another former Pocono High athletic star who is stationed at Breckinridge, is planning on entering Officers Candidate School in the near future, probably in May. Frantz also played basketball in addition to basketball at Pocono, as did Johnson.

East Stroudsburg State Teachers College was well represented in the first of two games played in the Oxford, N. J., Lion Club Basketball Tournament last night. Don Dougherty played for Barrett, while Jack Morris and Jack Smith held down positions on the Pen Argyl club. Art Schaare officiated the contest. All are ESSTC students. Morris is a tackle on the football squad, while Schaare plays football and baseball and was a member of the wrestling team until a knee injury forced him to the sidelines last season.

Frido Buschman, former resident of Bartonsville who was married at St. John's Lutheran Church, Stroudsburg, last Sunday, was an outstanding track star in Germany before coming to this area. Frido, a very likeable guy, is now a resident of Atlantic City. Work on the baseball field at Gordon Gifts field is expected to get underway the first part of next week. The crowd that attended the annual Health and Physical Education Department gym exhibition at ESSTC on Thursday was one of the largest in the history of the event. All seating space was occupied.

Gailand "Andy" Anderson's output of 30 points for Jack's Market on Thursday may well be high for the senior division in the Monroe County YMCA Elimination Basketball Tournament. The same may be said for the 32 counters poured into the cords by Bob Miller, forward for Pocono Manor Service Station, in junior division activity. Anderson is a former member of the ESSTC cago machine, while Miller played his basketball at Tobyhanna Township High.

Stroudsburg and Pocono high schools will definitely meet in basketball this season. The game will be held Tuesday, May 5, at Tannersville. The same two schools will clash again in 1954 at Gordon Gifts field. Pocono also has a two-year arrangement with East Stroudsburg High. Dr. Frank P. Maguire, a resident of East Stroudsburg, and commissioner of PIAA officials, was official scorer at the recent Yeaton-Allentown basketball contest. Dr. Maguire will occupy a similar position tonight, when Yeaton and Sharon clash.

Edward Summers and his Brewton-Parker Junior College basketball team won their first outing in the National Junior College Tournament in Hutchinson, Ka. The Mt. Vernon, Ga., school won over La Junta Junior College, of La Junta, Colo., 65-63. Summers is a graduate of East Stroudsburg, a resident of East Stroudsburg, Elwood also played basketball in the Pocono Mountains League. Summers met a former schoolmate at the tournament in the person of Jerry Anderson.

Anderson graduated from Normal Hill in 1948 and is now coach of a Junior college in Brooklyn. Anderson's first game in the tournament was against Jacksonville, Fla. WVPO is one of 29 radio stations belonging to the "Home of Champions" network. This network broadcasts all the home and away games of the New York Yankees. The Yankees at the present time are preparing for their quest of a fifth straight American League championship and World Series title. M. N. Warner, treasurer of the Pocono Mountains Baseball League, is currently confined to his home with flu.

Allentown's Salvation Army, paced by LeRoy Katz, moved into the final round of the Edwards Memorial Basketball Tournament, at the Freehold, Pa., YMCA, with a 109-73 victory over Frackville VFW. Katz, former Muhlenberg student, contributed 22 points to the attack. The Salvation Army quintet now meets Mahanoy City, winner of the tournament for the past two years, in the championship contest. This is the same Mahanoy City team that eliminated Frank's Barbers, East Stroudsburg in the opening round of the tournament, 83-72. Spring is official, as proven by the host of practice sessions listed for area basketball teams tomorrow. The drills depend on the weatherman's actions. Bad weather and everything is off for the day.

Pen Argyl Eliminates Barrett From Oxford Tourney

Harmony Earns Verdict Over Host Club

Oxford, N. J.—Pen Argyl eliminated Barrett from the Lions Club Elimination Basketball Tournament here at Center School last night, 75-62, and moved into the final round today opposite Harmony.

Harmony supplied an upset by winning the nightcap of last night's doubleheader, 52-43, from the Oxford Lions. Harmony meets Pen Argyl at 8:30 p.m., while Barrett and Oxford battle for third place beginning at 7 p.m.

Pen Argyl was in command of last night's opening contest from start to finish, although Barrett pulled to within six points of the ultimate winner in the third period.

The winning aggregation jumped off to an 18-12 lead at the end of the first 10 minutes of play and then raced out to a 42-31 advantage at halftime, following a 24-19 edge during the second round.

Barrett caught fire in the third period, behind the high scoring antics of Stan Cheslock and Norman Lewis and pulled to within six points of Pen Argyl at the end of the stanza, 52-46. Barrett held a 15-10 edge during the third round.

Pen Argyl surged back in the last round and took all doubt out of the game with a wide 23-16 point spread.

Cheslock and Lewis led the losing attack with 23 and 20 markers respectively. Jack Morris came up with 31 tallies in a winning cause, on 13 field goals and five shots from the charity line.

St. Basil Nips Bethlehem, 57-51

Bethlehem, (AP)—St. Basil of Pittsburgh captured its first PCIAA class "B" crown last night, trouncing Bethlehem Catholic in the title tilt, 57 to 51, gaining the edge largely on more accurate shooting from the foul line.

Foul Marks—St. Basil sank 13 of 18 foul tries while the Bethlehem shooters could capitalize on only nine of 19.

Bethlehem Catholic, sporting its best team in recent years, thus ended the 1952-1953 campaign on a losing note.

Former Cage Official Found Guilty Of Fix

New York (AP)—Sol Levy, 41, of Brooklyn, a former referee, was convicted yesterday of taking bribes to fix scores of professional basketball games by his calling of fouls.

Levy, who refereed for the National Basketball Association, faces a possible maximum sentence of six years imprisonment and \$3,000 in fines. Levy pled at the verdict. He was continued in \$15,000 bail pending sentencing April 22.

Count—Three special sessions justices, by a 2-1 vote, found him guilty on six counts of a seven count indictment.

Levy was accused of accepting \$2,900 in bribes from Salvatore Saluzzo, a convicted briber who also figured in the college basketball fix scandal to manipulate scores in the 1950-51 season.

Jenkintown Retains Title

Reading, (AP)—Jenkintown High's talent laden basketball team retained the PIAA class "C" title last night by beating Centre Hall's game but outlasted Tigers, 88-51, before 1,000 spectators in the Albright College gym.

Representing the eastern section of the state at this third annual classic, Coach Jerry Palla's duo of accurate marksmen, Eddie and Stodie Watts, divided 40 points, while Cy Blackfan and Bob Roy split 38 counters.

Cal Emery ran up 20 markers for the Centre-Clinton County League champs, who went into this contest with a 15-game winning streak.

Early Lead—Shooting their way into a 25-12 first quarter lead, the Jenkintown Drakes increased their advantage to 48-20 at half time and went into the final frame on the long end of a 67-29 score.

Stodie Watts, six foot two inch freshman pocketed 15 of his 20 points in the first quarter to start the Drakes on the way to their 24th triumph in 26 games this year. Jenkintown's 1-2-2 zone defense limited the Tigers to exactly 12 field goals in the first three quarters. Emery begged five of his nine baskets in the final eight minutes.

Browns Take Measure Of Cubs

Mesa, Ariz., (AP)—The St. Louis Browns overcame a four-run Chicago Cub lead yesterday and went on to a 7-4 victory in a spring exhibition baseball game.

Scoring—The Cubs struck for four runs in the first two innings, with Eddie Miksis' homer the big blow, but the Browns came back with three in the third when Cub outfielders Gene Hermanski and Hall Jeffcoat misjudged fly balls.

North Central Association Issues Demands On Colleges

Chicago, (AP)—The North Central Association yesterday officially demanded Oklahoma A. & M. and Bradley University put their athletic programs in order.

Even as the NCA placed Bradley on one year probation and gave Oklahoma A. & M. 30 days to comply with its athletic code, the president of the University of Oklahoma said he would lead a move to repeal the association's "unrealistic rules."

And an Illinois state legislator from Peoria said a legislative commission should renew its two-year-old investigation of the academic accrediting group which he described as a "real Gestapo outfit."

Approve Report—At their annual business session, NCA delegates approved the report of the association's commission on colleges and universities in the Bradley case. The commission had cited Bradley for both sport and administrative conditions.

Wednesday, the commission had recommended Oklahoma A. & M. be dropped from the NCA list of accredited schools July 1 because of alleged "questionable" athletic policies.

But after the Stillwater, Okla., school's president, Dr. Oliver S. Willham, said Oklahoma A. & M. would comply with the NCA program, the executive committee gave the school a month to show it is observing the code.

Irwin Tops Ashley, 73-51—Pittsburgh, (AP)—Sparked by Colin Norberg who scored 19 points and Lloyd Simpson who tallied 17, Irwin High School beat Ashley, 73-51, last night to win the class "B" basketball championship of the Pennsylvania Intercollegiate Athletic Association.

Dan Stankiewicz scored 20 points for Ashley.

Tough Battle—Irwin, representing District seven, had a tough battle in the first two quarters, leading only 33-30 at the half. Then, in the final periods, the western Pennsylvanians exploded with a scoring surge which had carried them to 32 victories in their last 33 starts.

Last night's victory was the 29th in a row for the Black Knights.

Ashley had a 24-3 record going into the contest, played at Pitt Field House.

Lemon's Homer Helps Indians—Tucson, Ariz., (AP)—Dale Mitchell's pinch single with the bases loaded quickly followed by Jim Lemon's three-run homer, totaled five runs for the Cleveland Indians in the eighth inning yesterday and gave them a 9-5 victory over the Chicago White Sox.

Five Innings—Bob Feller pitched the first five innings for the Indians, allowing four runs on seven hits and including a three-run homer by Bob Boyd.

British Scribe Takes Swing At Crosby, Hope

London, (AP)—A sports writer for one of Britain's biggest newspapers said yesterday Crooner Bing Crosby and comedian Bob Hope should be barred from taking part in the British Amateur Golf Championship at Hoylake in May.

The same applies, said Daily Express columnist Desmond Hackett, to various "elderly American business men" who somehow turn up on the entry list year after year.

Hackett is one of Britain's most outspoken critics of America.

Crosby is enroute to England for the tournament but Hope's entry has not been announced.

Blast—Hackett accused Crosby of turning the 1950 amateur at St. Andrews into a cheap circus and said Hope "made an ass of himself and a bigger ass of British golf when he clown around in the amateur at Portcawl two years ago."

Hackett complained female Crosby fans at St. Andrews "ran screaming all over the course, treading through bunkers, stamping their ignorance on the greens with high heeled stampeding shoes."

Young Fights Way Into Title Picture—By Murray Rose

New York (AP)—Paddy Young smashed his way into an American middleweight title fight with Carl Olson last night by scoring a unanimous decision over rugged Ernie Durando in a bruising Madison Square Garden 12-rounder. Young, an 11 to 10 favorite, weighed 160 to Durando's 157 1/2.

Cut over both eyes by the fourth round and rocked twice within the same span, the lion-hearted New Yorker came on like a prairie fire to win impressively in this fifth meeting of the two sluggers.

Scoring—The scoring, all for Young, was: Referee Ruby Goldstein, 65-51; Judge Bert Grant, 7-5, and Judge Harold Barnes, 7-4-1.

The AP scorecard had Young in front 9-3.

The crowd of 9,188 (gross gate \$35,386) let out a deafening roar when the verdicts were announced.

Roseto Elects Club Officials—Roseto—Roseto A. A., an annual entry in the Blue Mountain Baseball League, elected Anthony Schiavone manager at a recent meeting of the club, here at the Marconi Social Club.

Joseph Joella will serve as president and Nicholas Falcone as vice president. Ted DeMillo will serve as secretary-treasurer, and Pasquale Casciano, representative to the Blue Mountain League. Dominick Branda has agreed to keep score for the team during the coming summer months.

Trustees—Trustees named at the meeting are George Giaguinto, Daniel Zito, Art Castellucci, Martin DeFranco and Anthony Franchino.

Another meeting of the club will be held tomorrow at the same place, at 11 a.m.

Pocono Manor Entry Tie For Third

Greensboro, N. C. (AP)—Sam Snead took time out from his fishing yesterday long enough to hand par a three-stroke whipping and take a one-stroke lead in the opening round of the \$10,000 Greater Greensboro Open Golf Tournament.

The White Sulphur Springs, W. Va., slammer, winner of this event four times since its inaugural in 1938, sped over the par 70 Sedgefield Club course in 32-25-67. A few minutes later he was off to a nearby lake for an afternoon of fishing.

Stroke Back—A stroke back of Snead came Horton Smith, president of the Professional Golfers' Association of America, who turned in a pair of 34s and Ed "Porky" Oliver, the round man from Palm Springs, Calif., who had 36-32 for his 68.

Amateur Frank Stranahan of Toledo, Ohio, and seven professionals turned in one under par 70s for the 6,720-yard route to tie for fourth place, two strokes back of Snead.

Par 70 was notched by six pros and eight others were locked at 71 going into today's second round. Thirty-six holes on Sunday will wind up the tournament.

Art Wall Jr., Pocono Manor, Pa., had a 34-36-70.

Sharon Given Slight Edge Over Yeadon On Eve Of State Championship Basketball Contest

Philadelphia, (AP)—Sharon's Tigers were given a slight edge last night over Yeadon on the eve of their battle for Pennsylvania's top schoolboy basketball prize.

However, Yeadon has been the underdog all the way up the ladder to the class "A" state finals of the Pennsylvania Interscholastic Athletic Association.

And the suburban Philadelphia team will have the advantage of playing their fifth straight game on the University of Pennsylvania Palestra floor.

Thousands of schoolboy sports fans are expected to watch the annual classic over a statewide network of television stations for the first time. The game is scheduled for 7:30 p.m.

Fifth Time Sharon will be playing in the state finals for the fifth time since 1927. Only in 1930 when the Mercer Cougars won.

Lower Merion, 18-14, did they take home the title. That was the lowest scoring game in the 23-year history of the playoffs.

Yeadon, a class "B" school aiming for the class "A" title, is making its first appearance in the post-season playoffs. No class "B" team has ever carried home the large school title.

Coach Bud Laycock's WPIAL champions arrived here by plane yesterday and held a two-hour workout on the Palestra floor last night. Then they were to rest in their hotel rooms until shortly before game time.

Sharon carries a 26-3 season's record into the game against Yeadon's mark of 21-2. The Tigers gained their position as slight favorites due to a list of more progressive opponents.

However, if past performances hold true, season's records will go out the window when the op-

ening whistle sounds. Sharon had to defeat such strong Western power-houses as Washington (64-50), Ford City (49-41), Johnstown (42-40), and Meadville (55-45) to reach the finals. That's an average output of 52 points per game.

Yeadon in its most recent games downed Haverford (61-47), Coatesville (53-63), Harrisburg John Harris (59-44), and Allentown (60-45). That's an average of almost 65 points per game.

Defense However, Sharon concentrates on defense and usually produces just enough points to win. Tigers also have more reserve strength than the eastern Eagles. Jack McLaugh, a six foot, two inch center, is the tallest member of the Tigers. Other regulars are 6-1 Bob Atterholt, 6-0 Phil Reese, 5-10 Charley Mitchell and 6-0 Charley Shepherd.

Eastburger Staff On TV Program

A good many local television sets were set on Channel 10 yesterday at 10:30 a. m. when eight East Stroudsburg High School students appeared on WCAU-TV, Philadelphia, to explain how they put together their school newspaper.

Accompanied by their adviser, John E. Eckert, members of "The Eastburger" staff outlined the duties of their departments for a large educational audience in the metropolitan Philadelphia area.

At the East Stroudsburg High School, meanwhile, a special assembly was called. Students filed into the auditorium; sat through the last few minutes of a preceding program in comparative silence.

When the program "At Your Service"—flashed on the screen, attention centered on the stage.

A few minutes later, Virginia Sheller, in charge of the program, introduced Mr. Eckert. In the auditorium, students roared their recognition.

Eckert explained the geographic location of East Stroudsburg in relation to Philadelphia; got in a good, solid plug for the Pocono Mountains and turned the program over to student editor Charles Reid, who served as moderator.

Reid then introduced each of the remaining students as the camera picked them up, seated along a table.

With a few introductory remarks showing relationship of various departments to the newspaper as a whole, Reid asked each student to outline his duties.

First of those shown on the screen was Connie Werkheiser, "one of the news reporters."

Miss Werkheiser discussed the good news story and its "most important part," the "lead" or opening paragraph. This "lead," she said, should answer the question: "Who? What? Where? Why? When? and How?"

Loretta Bauscher then described the use of photographs and art material in the newspaper, crediting photos in the issue shown to Bill Altier Jr., student photographer for the paper. Miss Bauscher later explained use of line-drawn blocks for cartoons.

Discussing social news was "The Eastburger's" society editor, Jane Shutter, in charge of reporting extra-curricular activities.

Kathleen Yost spoke for the editorial page of the student newspaper, explaining that "Editorials speak for beneficial actions, for the school and student body. They encourage rather than inform or entertain; they bring results to mold public opinion in accordance to beliefs."

"It is on the editorial page that the character and personality of a paper are clearly shown," Miss Yost said.

For comments on sports news, Reid introduced Jerry Young who discussed the difference between straight sports "news copy" and the functions of a sports columnist.

Discussion of advertising was turned over to John Wiggins, while Frank Ciofalo, circulation manager, commented on distribution of the newspaper to its subscribers. About 85 percent of the total student body subscribes to the paper, Ciofalo said.

Reid closed student portion of the program with a display of "The Eastburger's" National Scholastic Press Award—an award which the paper has won each year since its first editorial year in 1947.

When the program had ended, students seated in the auditorium applauded. Ralph Burrows, principal of the high school, commented briefly on the production; gave his congratulations to the students on their "fine newspaper," to Ralph Bender, speech teacher at the school, who helped coach the students in preparation for the program, and to Mr. Eckert and the staff, in absentia.

Extension Activities Described

The scope and work of the Agriculture and Home Economics Extension Service in Monroe County ranges from direct instruction and aides to farm families to development of rural youth to take their places in their communities as leaders.

"Miss Margaret MacLaren, director of home economics work, gave high praise to the woman volunteers who assist in 4-H Club work among girls in a talk before the Stroudsburg Rotary Club Thursday. "They receive too little recognition," Miss MacLaren said.

The extension worker described 4-H work on National and State levels as part of the training on youth to develop leadership in addition to project work. Big events are the 4-H national congress, always held in conjunction with Chicago livestock show, and State Club week at Penn State College.

She said the extension work among rural folk is part of Penn State College's agricultural school program. Workers are paid by the college.

County Farm agent Arthur E. lift, also stressing 4-H work, said this training is based on a "learning by doing" plan. Young members maintain careful records of projects, showing profit and loss. One of the largest here has been the Capon clubs.

The two speakers were introduced by Claude Leister.
